

LANGLADE COUNTY HOME SAFETY PROGRAM

APPLICATION

Please complete the following information to apply for a free home safety assessment. The assessment will be used to determine home safety modifications to an applicant's home. Applicants or their designee must own the home to be assessed, the residence must be in Langlade County, the applicant must be 60 years of age or older, the home is the applicant's primary residence, and the applicant is not currently in a long-term care service (e.g., IRIS). If selected for assessment, every effort will be made to accommodate home modifications within the scope of the budget of the program, prioritizing safety modifications over other modifications. Please be thorough in your responses. Applications will be reviewed monthly. Eligible applicants will be contacted to schedule a home safety assessment by a representative from Mid-State Independent Living Choices.
